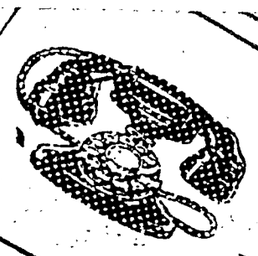
It's so much easier to find what I want in the Spectator

She reads the ads. before she shops



Like many other thrift-wise housekeepers, in the big Spectator family of readers, she has found, through experience, that it saves time and money to give preference to the merchants who advertise regularly in the Spectator. She has found, too, that the merchant who advertises regularly is also progressive. Her confidence in him has been built through satisfactory dealings, and she looks eagerly for his message.

It's a Good Habit to Read the Ads. Before You Buy

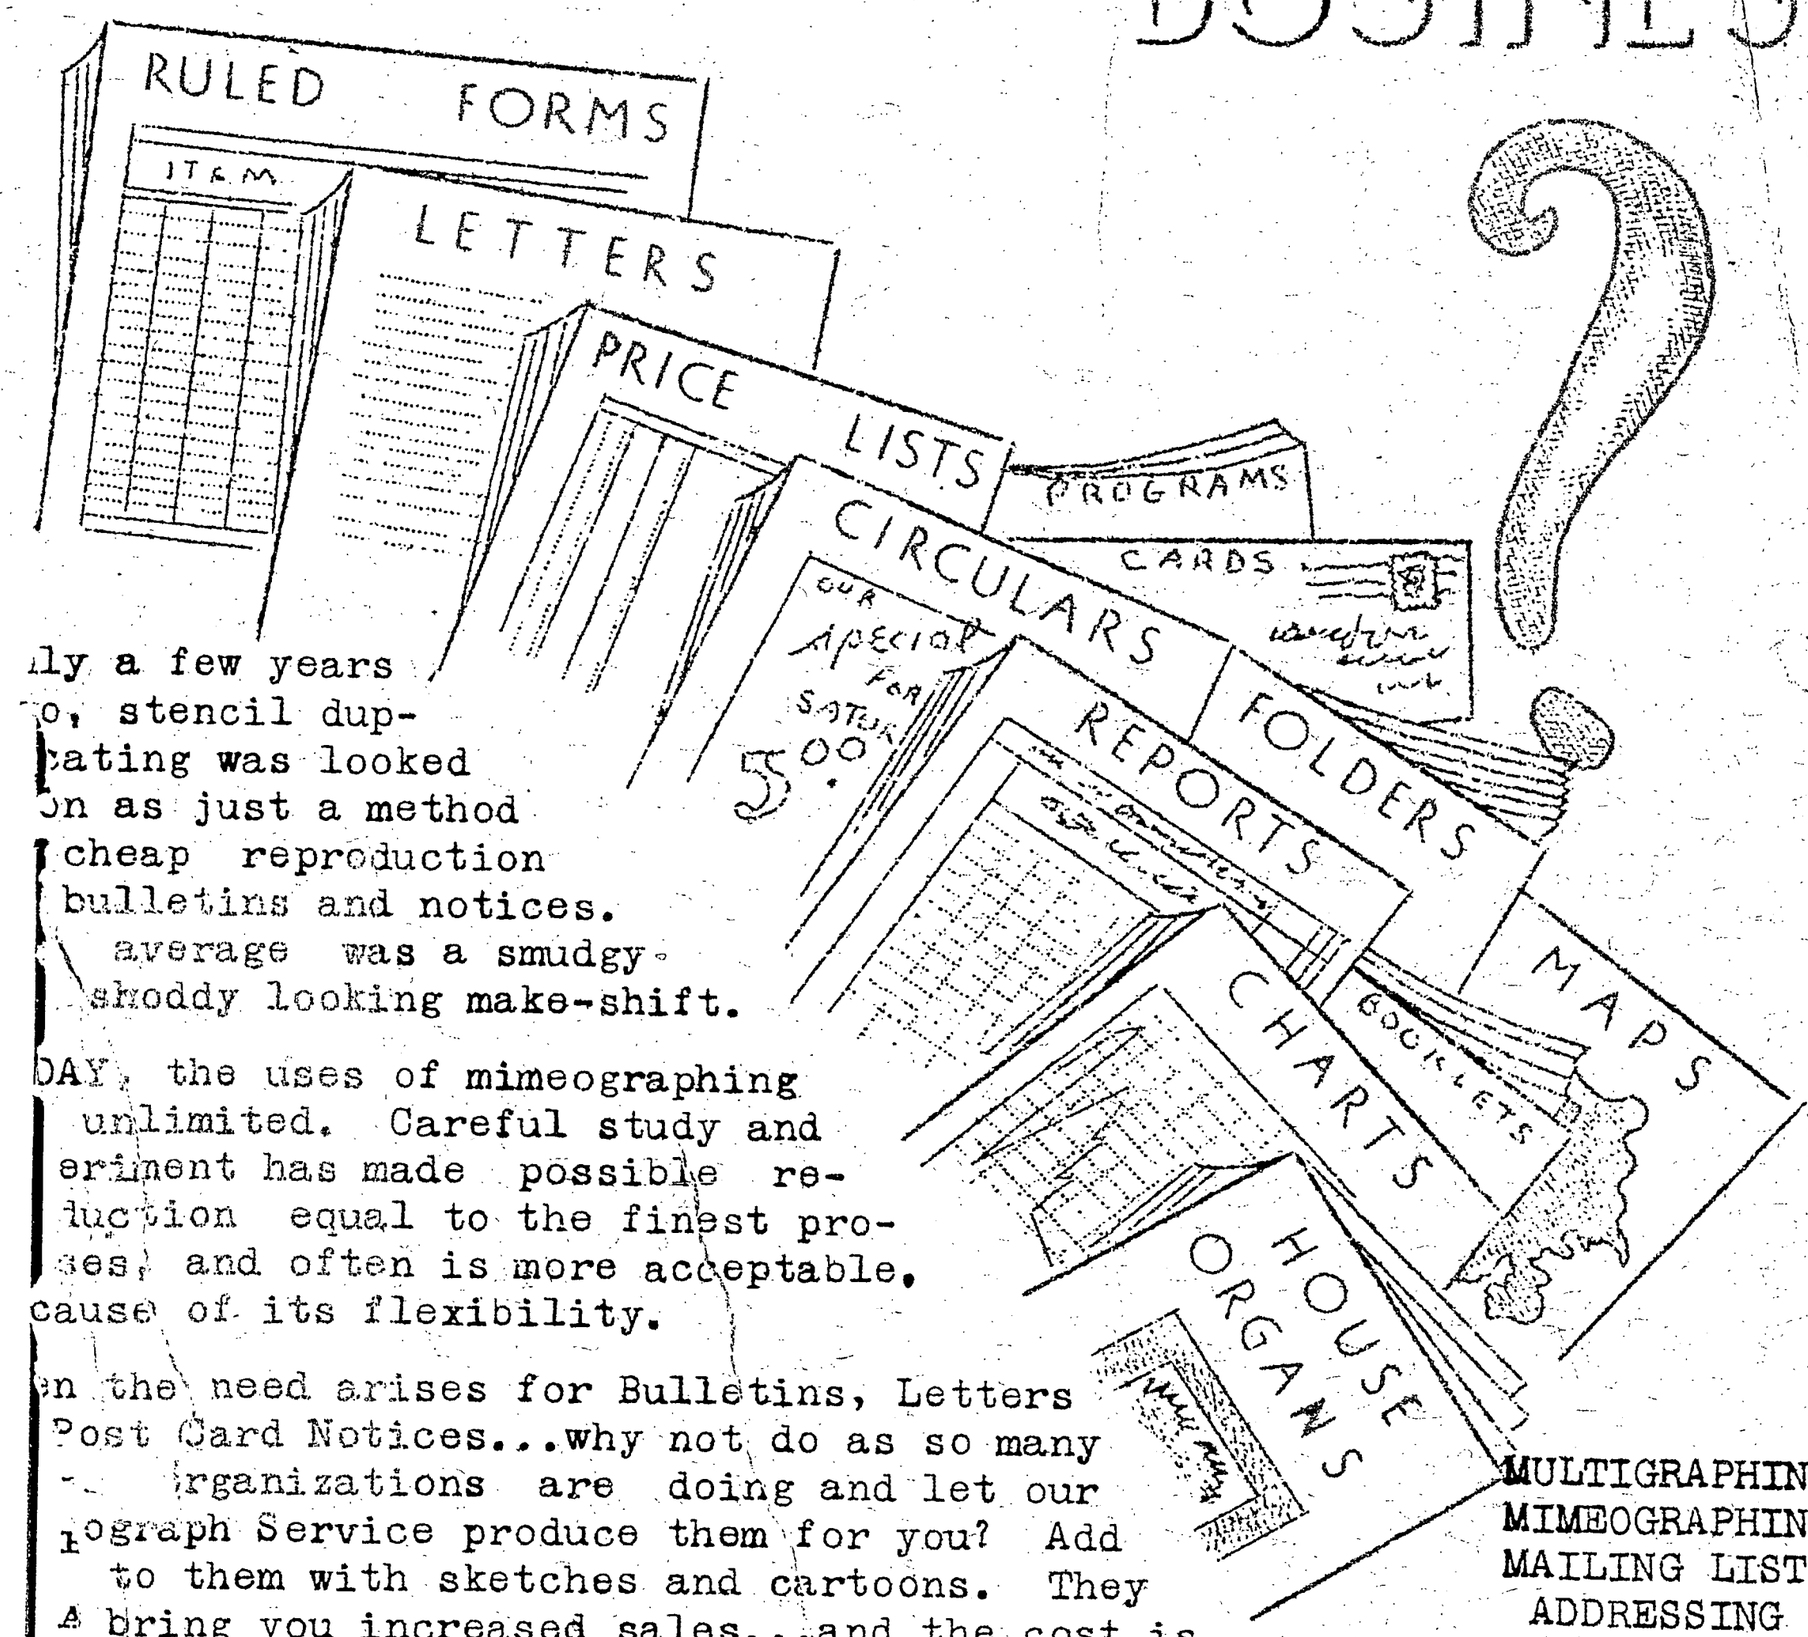
Dear Seeker of
More Sales and
More Profits:

You're busy - BUT.....won't you stop long enough to look at this letter and observe the quality of our MULTIGRAPHING and MIMEOGRAPHING (see reverse side) as we want to do it for you? WHY? Because every business can use letters to get business, and most do! But, often the element of "TIME" interferes. The answer is The Letter House.

MULTIGRAPHING is the same as genuine typewriting. After the letter is set up with genuine typewriter type (to match your typewriter) it is printed with a genuine Typewriter ribbon. Hundreds of copies are made in a matter of minutes. It is the answer for the busy executive who wants to get out a large number of identical letters and says: "This letter is very important and MUST be typewritten to EACH person."

MIMEOGRAPHING calls for the use of a stencil and ink. Anything typewritten, or hand drawn is reproduced. Mimeographing enables us to put in pictures and catchy effects without the use of cuts or type.

We have the facilities for handling the mechanics of producing and mailing ... Direct Mail Advertising ... such as Multigraphing, Mimeographing, Printing, Personalizing, Addressing, Folding, Sealing, Stamping and mailing, and these facilities enable us to quickly take care of your orders.



Letterly yours,

THE LETTER HOUSE

GHL/VH

DO YOU

HAVE OCCASION TO USE ANY OF THESE IN YOUR BUSINESS?

...ly a few years ...o, stencil dup- ...cating was looked ...on as just a method ... cheap reproduction bulletins and notices. ... average was a smudgy- ...shoddy looking make-shift.

...DAY, the uses of mimeographing ... unlimited. Careful study and ...eriment has made possible re- ...duction equal to the finest pro- ...ses, and often is more acceptable, ...cause of its flexibility.

...n the need arises for Bulletins, Letters ...Post Card Notices...why not do as so many ... organizations are doing and let our ...ograph Service produce them for you? Add ... to them with sketches and cartoons. They ... bring you increased sales...and the cost is ... reasonable.
